of Proceedings to continue telecommunicated Hearing scheduled
for 07/22/21 at 10:00 A.M. supported by Declaration as below:

Declaration In Support:

Whereas Defendant (Department of Human Assistance) has thus far
withheld compelled discovery necessary (See: Claimant's 210789
Letter of Demand for Discovery Compulsion). Claimant requires 14
days (per Common Law) from Full Disclosure for continuance.
Whereas, within initial pleadings (read them), Claimant claimed, with
full merit support in good faith cause, necessity for specified,
alternative, Electronic procedure means for trial of evidence and
with, conjunctively, a waiver of Hearing (substantive) (pursuant to 2
CCR § 1038). ¶ Whereas, Claimant, during throughout pendency,
experienced collateral incidents, conspicuously timed to prove to be joindered
acts of same Conspiracy by collusion: 1. Gang and Police Misconduct Harassment
(subject of Reports: 21-143934, 21-144959, 21-178977). 2. Excessive
Malicious Interference by Malicious Intrusion of Obsessive Electronic
Surveillants (See: Appendices A & B to 210619 Clmt's Encl. reported
to ACMS Administrator); 3. Resulting, imperative legal matters simultane-
ously, while Claimant needs to maintain survival by other life tasks while
indignant and absent of I.D. since stolen.
Whereas, Pursuant to ¶ (d)(8) of 1 CCR § 1020, by Harassments grossed,
discovery of information (obstructionistally required per state of California's
Criminal, legislative pattern of behavior defendant from Common Law uniform-
ity to Procedurally Harass Opponents for remedies) according ¶ (d) has
been totally impracticable. ¶ Whereas, Claimant has reason to highly
suspect Rico Tampering by recanting at scheduled time of Hearing
which I intend to monitor & audit; last scheduled telephone Hearing
was obstructed by anomalous, electronic means (my cellphone
failed to respond to input efforts to Answer the two calls -- which
have recorded as imolent.

Wherefore, it is in the interest of justice to continue;
Claimant possesses true in good faith.
